

## FOR IMMEDIATE RELEASE

### Quincy Cass Associates, The Oldest Independent Financial Firm in Los Angeles, Launches Their Giving Back Charity Program

Los Angeles (November 1, 2022) – Quincy Cass Associates, the oldest independent financial firm in Los Angeles, launches their new giving back charity program.

To honor QCA's 100th year, Quincy Cass Associates (QCA) CEO Mark Minichiello is pleased to announce this program that will give back to Los Angeles, the city that has given QCA so much through the years, and that will make a meaningful difference in the lives of Angelinos. Selected by members of the team at QCA, these donations are deeply personal and will support and honor charities such as children's brain cancer, children's hunger, breast cancer, domestic violence prevention, animal rescue and sporting events that promote health and fitness in Los Angeles, just to name a few.

Mr. Minichiello stated, "QCA is in a position now under our new executive structure to have a positive impact in our and our client's community far beyond the bottom line. When we do well as a firm, then it is our obligation to ensure that our community does well!"

To mark QCA's centennial anniversary, several events have been planned for 2022. Most recently on March 20th, the firm partnered with the Los Angeles Marathon as the official sponsor of the Quincy Cass Associates Marathon Challenge.

Quincy Cass Associates can trace its ancestral lineage to two historically prominent families in American history from before the United States was even conceived; those families being the Tufts Family arriving in 1637 and the Cass Family arriving in 1644. Fast forward almost 300 years to 1922 when Quincy Cass, a descendent of both of these prominent Massachusetts families, founded Quincy Cass Associates, Inc. in Los Angeles, California. Now after another 100 years, Quincy Cass has grown along with Los Angeles and is proud to have helped numerous families of Angelinos create and preserve their wealth and the QCA team looks forward to continuing to help future generations in the next 100 years and beyond.

A complete detailed account of Quincy Cass Associate's 100-year history and the services offered by QCA can be found at [www.quincycass.com](http://www.quincycass.com)
